

# XFERALL Expands into Illinois, Continuing Nationwide Growth and Expediting Access to Care into 2025

*XFERALL announces major 2024 growth, cost savings, and a 37-minute median patient acceptance time. The platform expands to Illinois in 2025,*

AUSTIN, TX, UNITED STATES, February 5, 2025 /EINPresswire.com/ -- XFERALL, a leader in streamlining the patient transfer process, proudly announces a successful 2024, marked by significant growth, substantial cost savings, and improved operational efficiencies for healthcare facilities across the country. As part of its continued expansion, XFERALL is excited to kick off 2025 with the launch of its patient transfer platform in Illinois, furthering its mission to enhance healthcare delivery and support healthcare workers.

**In 2024 XFERALL Saved**

04 : 136 : 00 : 00 : 00  
Years Days Hours Mins Sec

Worth of delay by **eliminating the faxing of over 2.9 million pages** of clinical documentation by **sending them digitally.**

XFERALL eliminated the faxing of over 2.9 million clinical documents

XFERALL's patient transfer platform helped to facilitate patient transfers across 39 states in 2024.

Our mission to improve the patient transfer process is more important than ever. As we move into 2025, we're excited to continue delivering innovative solutions that make a real impact in healthcare."

XFERALL.*

All while achieving an astounding 37 minute Median Acceptance Time to locate a behavioral health bed for patients in need.. ([Source: The U.S. national average is 8+ hours](#)). The platform's impact was felt coast to coast, reducing manual labor, eliminating prolonged wait times, and enhancing patient access to critical care. With already the addition of Illinois in 2025, XFERALL continues to drive improvements in the patient transfer processes, helping healthcare facilities and professionals better manage their emergency departments and deliver timely care.

Key Highlights from XFERALL's 2024 Performance:

\$169 Million in Savings for Healthcare Partners: XFERALL's Patient Transfer Network helped

healthcare facilities save millions by cutting down on manual processes involved in finding appropriate care for patients and reducing emergency department wait times. ([Source: The average cost to a healthcare facility for a behavioral health bed in an emergency department is \\$250/Hr](#))

**675,774 Hours Saved for Healthcare Workers:** By reducing the average time required to locate a behavioral health bed—typically more than eight hours—XFERALL helped healthcare professionals reclaim valuable time, allowing them to focus on patient care instead of logistical coordination.

**Expansion Across 39 States:** In 2024, XFERALL facilitated patient transfers in 39 states, increasing its reach and impact in healthcare facilities nationwide.

**Reduced Clinical Paper Fax Burden:** XFERALL eliminated the need to fax over 2.9 million pages of clinical documentation, streamlining administrative tasks and promoting more efficient patient transfers.

**Median Patient Acceptance Time of Just 37 Minutes:** XFERALL's platform significantly reduced the time it took to find and accept patients looking for behavioral healthcare, ensuring quicker access to treatment and minimizing delays.

Looking ahead, XFERALL is excited to expand across Illinois in early 2025, furthering its commitment to improving healthcare efficiency and reducing wait times for behavioral health patients. In partnership with Illinois hospitals, behavioral health facilities, and crisis teams, XFERALL aims to address the challenges of overcrowded emergency departments, clinician burnout, and delayed care.

"We're incredibly proud of the progress we've made in 2024," said Amanda Brown, SVP at XFERALL. "Our mission to enhance the patient transfer process has never been more important, and as we move into 2025, we're excited to continue delivering innovative solutions that make a real difference in the healthcare system."
