

# Right Click Solutions Held Inaugural Cybersecurity Conference for Businesses and Professionals

*Over 50 people were in attendance as they gained knowledge and insights on how to protect their business or organization in this ever-evolving digital world*

MOUNT KISCO , NY, UNITED STATES, February 5, 2025 /EINPresswire.com/ -- Right Click Solutions, in partnership with NFP, an AON company, held its inaugural Cybersecurity Conference on Wednesday, November 20th, at the Westmoreland Sanctuary in Mount Kisco, NY. Over 50 people in attendance across a myriad of industries gained knowledge and insights on how to protect their business or organization in this ever-evolving digital world. Hosting this conference was particularly meaningful to Dan and Sammi Taplitz, Owners of Right Click Solutions, as the company will be celebrating 20 years of being a leader in the cybersecurity space, while providing impeccable tech support and personable customer service.

"We are thrilled with the success of this year's inaugural cybersecurity

conference," said Dan and Sammi Taplitz. "It was an incredible opportunity to bring together experts, innovators, and thought leaders from around the country to share their knowledge and insights. The discussions were enlightening, the networking invaluable, and the collaboration inspiring. We look forward to continuing this journey together to provide opportunities to

educate our clients and raise their awareness around issues of cybersecurity to build a safer digital future for all."

"A special thank you to Right Click Solutions for their hospitality and for allowing me to present at their conference," said Mike Scully, Senior Channel Development Manager, Datto. "The attention to detail was spot on, the subject content was on point, and the venue was beautiful and unique. All those who had a hand in the organization and execution of this year's conference should be very proud of themselves!"

Attendees enjoyed a day that included engaging presentations by industry experts and leaders, networking, and prizes and giveaways. The Lunch and Learn session was presented by the FBI and outlined current cybersecurity threats and strategies to mitigate them. Harley the Cyber Dog, and her handler, Retired Detective Brett Hochron, demonstrated the ability of these specially trained canines to sniff out digital technology that may contain evidence for criminal investigations, such as cellphones, SIM cards, thumb drives, laptops, and other digital storage devices. Following the conference, attendees had the option to participate in a guided educational hike through the beautiful Westmoreland Sanctuary grounds.
