

# EMINENT announces Facility Enhancements, Global Expansion to Enhance Pharma Research & Manufacturing Capabilities

*EMINENT, a global CDMO, announces facility expansions and upgrades, strengthening its leadership in Pharmaceutical manufacturing and clinical trial support.*

FREDERICK, MD, UNITED STATES, February 6, 2025

/EINPresswire.com/ -- [EMINENT](#) Services

Corporation a global CDMO subsidiary of EMINENT [Life Sciences](#), a prominent leader in clinical trial support, is pleased to announce significant facility expansion and upgrades, reinforcing its leadership in pharmaceutical manufacturing and clinical trial support.

In an era where efficiency and compliance are paramount, EMINENT Services Corporation is at the forefront, advancing high-precision manufacturing, packaging and labeling capabilities, automated blister packaging with customized variable dosing regimens, and serialization systems to ensure adherence to global regulatory standards.

EMINENT's strategic investment includes the introduction of ISO-Class 7 clean rooms with ISO-Class 5 Sterile fill/finish capabilities, dedicated manufacturing suites, and advanced packaging and labeling rooms. These upgrades are designed to meet the rigorous demands of the pharmaceutical industry, ensuring compliance with cGMP regulations and maintaining the highest standards of product integrity and safety.

**EUROPEAN OPERATIONS:** As part of its global expansion, EMINENT is strengthening its European operations with a new purpose-built facility in the Netherlands, set to begin operations in Q2 2025. This facility will focus on advanced pharmaceutical packaging, providing large-scale temperature-controlled storage solutions, and streamlining packaging and labeling for injectable and oral solid dose (OSD) drug products. The new site will enhance supply chain solutions for European clients, offering efficient and reliable services.

"Our expanded facilities represent a significant leap forward in our ability to provide end-to-end solutions for investigational drug manufacturing and pharmaceutical projects," said Anbu S. Devasahayam, President of EMINENT Services Corporation. "This investment underscores our commitment to excellence and innovation in every aspect of our operations."

Additionally, the company offers logistics services, warehouse operations, storage and biorepository facilities, and central laboratory services. EMINENT provides scalable solutions for small-scale clinical batches to large-scale commercial production runs. Multi-layered quality checks are implemented throughout to ensure compliance with regulatory standards and client specifications to produce trusted results.

EMINENT Life Sciences through its subsidiary [CIAN](#) Diagnostics – a state-of-the-art CLIA-certified and CAP accredited, offering high-throughput diagnostics testing for genetic and infectious diseases, routine chemistry assays, and public health-focused solutions.

“EMINENT Life Sciences is committed to supporting our partners to achieve their research goals within established budgets,” stated Sam Mullapudi, CEO of EMINENT Life Sciences. “Our specialized services provide clear guidance and innovative solutions that help manage costs while ensuring the successful implementation of clinical protocols. We are excited to be a resource for researchers and organizations aiming to drive impactful discoveries within their financial frameworks.”

EMINENT Services Corporation and CIAN Diagnostics together, as EMINENT Life Sciences, are committed to advancing science, driving medical breakthroughs, and improving patient outcomes worldwide. Through technical expertise, cutting-edge infrastructure, and a passion for innovation, EMINENT Life Sciences supports life-saving research and contributes to the global fight against pressing health challenges.
