VISTA, CA, UNITED STATES, February 7, 2025 /EINPresswire.com/ -- [Eyecon](#) and RxSafe, LLC.,

“

We are excited to partner with Medsense Health to provide pharmacies with a tech-driven solution that optimizes prescription fulfillment and ensures that medications are being taken correctly.”

*Eric Holland, Business Unit
Manager, Eyecon | RxSafe*

leaders in pharmacy automation, are proud to announce a strategic partnership with [Medsense Health](#), an innovative provider of remote medication adherence solutions. This collaboration brings together advanced visual precision counting technology, state-of-the-art pouch packaging and intelligent adherence monitoring to support patients with chronic conditions and their medication management.

With Eyecon’s visual precision counting, RxSafe’s [adherence packaging](#) solutions, and Medsense Health’s real-time adherence tracking, pharmacies can now streamline dispensing workflows while ensuring patients remain on track with their prescribed medications. This

integrated approach not only aims to reduce medication errors, improve patient outcomes, and enhance pharmacy efficiency, but also creates an additional revenue stream for the pharmacy.

“We are excited to partner with Medsense Health to provide pharmacies with a seamless, tech-driven solution that not only optimizes prescription fulfillment but also ensures that medications are being taken correctly,” said Eric Holland Business Unit Manager at Eyecon | RxSafe. “This collaboration is a significant step toward a more connected and effective pharmacy ecosystem.”
