Lurleen Ladd and Komall Sheth

other women leaders to make a lasting impact in their community. Through a year-long partnership with Austin Habitat for Humanity, they have facilitated the funding necessary to build homes for women in financial need in Austin. Now, they are inviting other professional women to join them in this life-transforming mission.

“

The synergy, creativity, and dedication of these women were remarkable. Seeing families step into their new homes for the first time—witnessing their joy—is an indescribable feeling.”

In 2024, Habitat for Humanity launched Women Build 10×10, an initiative that united 10 professional women from diverse industries—including media, technology, real estate, healthcare, music, and interior design. These women dedicated their time, expertise, and resources to fundraise for the construction of 10 brand-new homes for deserving women and their families. The program also matched up to \$100,000 in contributions, significantly amplifying the impact of every donation.

To expand awareness and engagement, Lurleen Ladd will host Happy Galentine's Day, a special event to bring

together prominent female business owners and community leaders in Austin. The goal is to introduce more women to the Women Build 10×10 initiative and inspire them to become part of the next cohort of changemakers. The event is invitation-only and will take place on Thursday, February 20, 2025, at 11:00AM - 1:00PM, at the Ladd residence in Austin designed by Spaces Designed, Interior Design Studio. Through the Galentine's event, Ladd and Sheth hope to rally

even more women to join them in this life-changing initiative.

"I had such an incredible experience working alongside nine amazing women," said Ladd. "Each of us brought our unique talents, expertise, and heart to this project, and the impact we made together is astounding. It's truly inspiring to witness women uplifting other women and making real change in our community."

Komall Sheth, who has collaborated with Ladd as her interior designer on multiple homes, echoed this sentiment. "Being part of this dynamic group was humbling. The synergy, creativity, and dedication of these women were remarkable. Seeing families step into their new homes for the first time—witnessing their joy—is an indescribable feeling."
