A Smart, Cloud-Based Solution Designed for Halal Businesses

Tiponline POS is not just a POS system—it's a comprehensive restaurant management platform designed to streamline every aspect of restaurant operations. Key features include:

[Virtual Assistant](#) for optimized operations.

Custom [Free Websites](#) to handle takeout orders and reservations.

All-in-One Dashboard to collect and manage orders from multiple channels in real time.

Smart Inventory Tracking to simplify grocery shopping and planning.

Digital Menus for efficient order management.

This robust solution empowers halal restaurant owners to manage their businesses with ease and efficiency.

No Monthly Fees and No Payment System Restrictions

Unlike traditional POS providers, Tiponline POS has a unique business model that benefits restaurants: No Monthly Subscription Fees – Instead of charging monthly fees, Tiponline POS collects a small service fee per order, making the service more affordable and scalable.

Free Tablets Provided – Restaurants receive free devices to facilitate seamless adoption of the system.

Flexible Payment Integration – Restaurants can keep their existing payment systems without any restrictions. Tiponline POS can easily integrate with payment gateways and delivery services, ensuring compatibility with current operations.

"If you're a halal restaurant that doesn't want to change your payment system, you don't have to. We prioritize flexibility and integration to help your business thrive," added Gara.

A Trusted Partner for Halal Restaurants

Tiponline POS is more than just a software—it's becoming the best friend of halal restaurants, offering a complete solution for dine-in, takeout, and reservations. By joining the Tiponline community, halal restaurant owners can quickly register in just five minutes and start taking advantage of this powerful tool.
