In his thought-provoking Christian nonfiction book, "Discovering Life's Purpose: Re-Examining the Club," Del H. Smith takes readers on a personal, transformative journey to uncover life's true purpose. What sets this book apart is Smith's unique blend of spirituality, logic, and personal experience, making it an essential read for anyone seeking a deeper understanding of their life's calling.

"Discovering LIFE'S PURPOSE: Re-Examining the Club"

Hollywood Book Reviews' Ephantus M. praises the book for its "comprehensive analysis, which reveals profound truths about God and His purpose for humanity". He also highlights Smith's bold comparison of atheism and religious beliefs, challenging readers to question whether it's possible to truly know one's purpose with absolute certainty.

Smith's journey is deeply personal. Raised in a household where belief in God was absent, he initially rejected religion, skeptical of both the Bible and the idea of a divine Creator. However, as his search for answers deepened, particularly in light of the question of why so many people could be wrong about God's love, Smith began to question his doubts. This self-reflection led to a passionate study of Christianity and ultimately to the central theme of his book: the importance of embarking on a personal, experiential journey to discover life's purpose.

Ephantus M. also notes that "["Discovering Life's Purpose: Re-Examining the Club"](#)" is a "beneficial read for anybody wishing to travel the path of spiritual rejuvenation". He praises the book for asking tough, thought-provoking questions and offering rich, well-researched answers, free from

the constraints of traditional dogma.

Smith is refreshingly open about his internal struggles, giving readers a candid glimpse into the doubts he wrestled with along the way. His journey will resonate with anyone who has ever questioned their own beliefs. Ultimately, he presents a compelling argument for finding spiritual fulfillment through personal exploration, rather than relying solely on unexamined teachings.

A retired international marketing consultant with an impressive career working with companies like IBM, Microsoft, and Hewlett Packard, Del Smith dedicated over 15 years after retirement to studying the question of life's purpose. This intense search led to a profound transformation, from atheism to Christianity. In "Discovering Life's Purpose: Re-Examining the Club," Smith shares his findings in a clear, fact-based approach to understanding both God and humanity's purpose.
