

# A Breath for Alessandra Announces 2025 Organizational Goals and Date of Annual Golf Outing & Dinner Fundraiser

*ABFA's mission is to raise awareness and provide assistance to individuals living with health conditions, such as asthma, and the passage of Alessandra's Law.*

BRIDGEWATER, NJ, UNITED STATES, February 10, 2025 /EINPresswire.com/ -- [A Breath for Alessandra](#) Charity (ABFA) Board President Lawrence Del Principe, along with the Board Members, is excited to announce the charity's organizational goals for 2025, focusing on expanding support for individuals with health concerns and advocating for the passage of Alessandra's Law.

Entering its fourth year, ABFA's mission is to raise awareness and provide assistance to individuals living with health conditions, such as asthma. In 2024, the charity took a significant step toward advocacy by spearheading a legislative bill aimed at improving emergency medical response at gatherings. This bill, Alessandra's Law, is named in memory of Alessandra Del Principe, who tragically passed away from an asthma attack while attending her sister's wedding. The bill is being sponsored by NJ Assemblyman Erik Peterson.

A Breath for Alessandra was created to continue Alessandra's legacy of helping others, especially those suffering from asthma and other conditions.

In partnership with the [Asthma and Allergy Foundation of America](#) (AAFA), the bill proposes that Emergency Medical Technicians (EMTs) be present at events to provide immediate medical assistance in the event of an emergency. For gatherings with fewer than 1,000 attendees, venues would be required to notify patrons of the option to hire an EMT. For events with 1,000 or more people, the law would mandate an EMT's presence.

"We want to honor Alessandra and the life she lived, and we want to keep her memory alive," said Board Trustees James and Trudi Boland. "By reaching out to as many people as we can, we hope to prevent the death of anyone—young or old—due to an asthma attack."

Board Trustee Kevin Gilbert echoed the Bolands' sentiment, saying, "I support ABFA to honor Alessandra's legacy and to help others who face the challenges of asthma and other health conditions. By keeping her memory alive, we strive to bring hope, awareness, and resources to those in need—turning heartbreak into a mission of healing and change."

“

A Breath for Alessandra blossomed from an unthinkable tragedy. That experience inspired and motivated us to advocate for and support people with asthma and disabilities.”
