

# Rehabs America Adds Diverse List of Rehabs that Accept Humana Insurance to Online Directory

---

Lake Forest, California – Rehabs America, a comprehensive directory of rehab centers across the United States, is happy to announce that it has recently added a diverse list of rehabs that accept Humana. From medical and dental to behavioral health insurance plans, Humana enables individuals to access the necessary financial support for rehab services.

Utilizing insurance for rehab centers can enhance access to a range of services, from inpatient treatment to outpatient counseling and support groups. Humana insurance benefits could include coverage for therapies and medications that might be vital for recovery, as well as preventive care services that assist in maintaining overall health during and after treatment.

“The importance of having insurance when approaching addiction treatment cannot be overstated. It may alleviate the financial burden associated with rehabilitation, allowing individuals to focus on their recovery without the stress of overwhelming costs,” said a spokesperson for Rehabs America.

The online directory’s new list of rehabs across America that accept Humana is designed to help individuals discover a variety of centers that cater to their unique treatment needs without having to worry about how to pay for treatment so they can maintain focus on their journey to recovery.

Whether seeking help for addiction, mental health disorders, or dual diagnoses, Rehabs America features a range of rehabs that accept insurance and offer a selection of specialist treatment options. These include rehab centers that focus on:

Substance Abuse

Depression

Opiate Detox

Alcohol Addiction

Anxiety Disorders

OCD Treatment

“The Patient Protection and Affordable Care Act (ACA), also known as Obamacare, expanded access to addiction treatment by requiring insurance providers to cover addiction services as they would other medical procedures,” furthered the spokesperson for Rehabs America. “The ACA made it illegal for insurers to deny coverage for drug or alcohol addiction as a pre-existing condition. It also mandates coverage for services like addiction screening, treatment medications, detox programs, family counseling, and more under the “Essential Health Benefits” package.”

With the right Humana plan in place, those struggling with addiction could find the support they

need to reclaim their lives. Understanding the specifics of Humana insurance coverage could empower individuals to seek help and embark on their healing journey with confidence. Rehabs of America encourages individuals with any questions about its services or about any of the facilities featured in its listings to call (888) 899-5552 today to speak to an expert member of its team.
