

DRYOUTpro PLUS Applauds Florida's \$600 Million Investment in Home and Condo Risk Mitigation

Florida Invests \$600M in Home Resilience – DRYOUTpro PLUS Urges Homeowners to Act Now

State funding expands mitigation grants for homes & condos #FLHomeSafety

STUART, FL, UNITED STATES, February 7, 2025 /EINPresswire.com/ -- DRYOUTpro PLUS Applauds Florida's \$600 Million Investment in Home and Condo Risk Mitigation

DRYOUTpro PLUS, Inc., a leading [disaster restoration company](#) in Stuart,

Florida, commends the state's 2025-2026 budget allocation of over \$600 million towards home and condominium risk mitigation programs.

This significant investment underscores Florida's commitment to enhancing the resilience of its residential properties against natural disasters.

“

Strengthening homes now means fewer worries when storms hit. Florida's investment empowers homeowners to build resilience and safeguard their future.”

Jackie Howard

The budget expansion will enable the My Safe Florida Home grant program to address a backlog of 45,000 property owners and introduce 10,000 additional slots. This initiative offers eligible homeowners grants of up to \$10,000 for wind-mitigation projects identified in inspection reports. Additionally, the My Safe Florida Condo pilot program provides condominium associations with grants of up to \$175,000 for mitigation projects.

"Investing in resiliency and mitigation programs can help limit costly damage from hurricanes, reduce losses, and ultimately help lower costs and further stabilize the marketplace," said Logan McFaddin, vice president of state government relations at the American Property Casualty

Insurance Association.

DRYOUTpro PLUS, Inc. recognizes the importance of these programs in safeguarding Florida's homes and communities. As experts in disaster restoration, we understand that proactive mitigation is crucial in minimizing damage and expediting recovery efforts. We encourage homeowners and condominium associations to take full advantage of these grants to fortify their properties against potential disasters.

By strengthening our homes today, we can ensure a safer and more resilient tomorrow for all Floridians.
