ATLANTA, GA, UNITED STATES, February 9, 2025 /EINPresswire.com/ -- [USA India Business Summit](#) (UIBS) & [Georgia Tech CIBER](#) to organize 15th UIBS and 30th Georgia Tech Global Business Forum (GTGBF) on Sustainability, AI & Digitalization - Feb. 12th and 13th, 2025

USA India Business Summit (UIBS) and Georgia Tech CIBER (GT CIBER) are proud to announce an exclusive business seminar, Sustainability, AI & Digitalization: Global Drivers of Growth, bringing together industry leaders, experts, and innovators to explore the

key forces shaping the future of business. The event will take place on Feb. 12th and 13th, 2025 offering a platform for insightful discussions, networking, and knowledge-sharing.

As organizations worldwide face the growing need for sustainable practices, the rapid evolution of artificial intelligence, and the increasing role of digitalization in business operations, this seminar will provide invaluable perspectives on how to navigate these transformative trends. Attendees will gain expert insights into cutting-edge strategies, real-world applications, and best practices to drive long-term success in a competitive global landscape.

“The key challenge is one of continuous growth in the midst of constant change. This conference seeks to address these paradoxical dimensions and point to strategic avenues,” event Co-Chair, Dr. John R. McIntyre, Scheller College of Business, Georgia Tech, said.
