

Leading Insurance Provider Launches Groundbreaking Multi-Carrier Flood Insurance Rating Platform

H2Quoter streamlines flood insurance quotes and policies in under two minutes by leveraging innovative technology

SAN DIEGO, CA, UNITED STATES, April 11, 2025 /EINPresswire.com/ -- [California Flood Insurance Services](#), a leading flood insurance managing general agent operating in 35 states, is revolutionizing the flood insurance industry with the launch of its innovative multi-carrier rating technology platform, H2Quoter. This new system allows insurance agents, brokers, and consumers to compare and purchase flood insurance policies from six different carriers in real time, cutting the quoting, binding, and issuing process down to less than two minutes.

The launch of this technology comes at a critical time, as climate change continues to drive an increase in flooding incidents nationwide. Recent flooding in Florida and North Carolina has highlighted the urgent need for accessible and efficient flood insurance solutions. H2Quoter's cutting-edge platform provides both insurance professionals and consumers with a seamless and efficient way to secure coverage, ensuring protection against the increasing risks of flood damage.

A GAME-CHANGER FOR INSURANCE BROKERS AND AGENTS

H2Quoter streamlines the workflow for insurance agents and brokers by consolidating flood insurance quotes into a single, user-friendly portal. Instead of navigating multiple sources to compare coverage options, agents can now access all available policies in one place. This not only saves valuable time but also enhances their ability to provide clients with the best coverage at the most competitive rates.

"Our goal is to empower insurance professionals with a technology-driven solution that simplifies the flood insurance process," said Aaron Farmer, CEO at H2Quoter. "With our new
