

# Sunway Charters Enhances Connectivity with New Triad-Danville Connector and Expands Intercity Bus Services

---

WINSTON-SALEM, NC, UNITED STATES, February 11, 2025 /EINPresswire.com/ -- Sunway Charters, in collaboration with the North Carolina Department of Transportation (NCDOT) and the Virginia Department of Rail and Public Transportation, is excited to announce the launch of the Triad-Danville Connector. This new intercity bus route strengthens transportation links between North Carolina and Virginia, offering passengers increased travel options and convenience.

The Triad-Danville Connector begins in Winston-Salem at the Clark Campbell Transportation Center, with stops in Greensboro and Reidsville, before reaching the Danville Transit System Hub in Virginia. Operating twice daily, seven days a week, this service seamlessly connects with Virginia Breeze's Piedmont Express and Capital Connector routes, as well as North Carolina's Mountaineer East-West Route. This integration provides residents of the Piedmont Triad with greater access to destinations such as Washington D.C., Richmond, and Charlottesville while offering Virginians improved connectivity to North Carolina's Piedmont Triad region. "Through planning studies and surveys, we identified a great need for additional connectivity between Greensboro and Danville," said Brennon Fuqua, NCDOT's Integrated Mobility Division director. "We're pleased to coordinate with the Virginia Department of Rail and Public Transportation and Sunway Charters to offer a new route that will directly connect with two current Virginia Breeze routes."
