

The Good Feet Store Opens in Sterling Heights to Help Local Residents and Workforce Live the Life They Love

The Leading Retailer of Premium, Personally-Fitted Arch Supports Expands with the Third Store in the Detroit Area

STERLING HEIGHTS, MI, UNITED STATES, February 10, 2025

/EINPresswire.com/ -- [The Good Feet Store](#), recognized nationally as the market-leading manufacturer and retailer of premium, personally-fitted arch supports, announced today the upcoming opening of a location in Sterling Heights. Scheduled for February 10, the new store will be the brand's eighth location in Michigan.

“My wife, Joella, suffered with horrible plantar fasciitis before finding relief at The Good Feet Store with her personalized 3-Step Arch Support System. We saw firsthand how life-changing the products can be for people experiencing pain and knew The Good Feet Store truly helps people live the life they love,” said Mike McNeill, franchise owner of The Good Feet Store in Sterling Heights. “Since becoming owners in 2018 we’ve opened eight stores, with the new location in Sterling Heights being our ninth storefront. We couldn’t be more excited to bring new job opportunities and another conveniently located Good Feet Store to our community.”

Mike McNeill, franchise owner of The Good Feet Store in Sterling Heights

Situated at 13947 Lakeside Circle, the new store joins nearly 300 locations open now nationwide and is part of a strategic growth initiative that stands to add approximately

40 more locations in 2025. The Good Feet Store opened approximately 40 locations in 2024 as well. As with all the brand's stores, the Sterling Heights location will offer customers a no-

obligation, free, personalized in-store fitting with a trained Good Feet Arch Support Specialist.

For more than 30 years, The Good Feet Store has been an innovator in foot health and wellness — and it starts with Good Feet Arch Supports. Consisting of three types of arch supports, the Good Feet Arch Supports System works in concert to provide better pain relief, performance, balance and comfort. By focusing on all four arches in the foot, the supports are designed to keep the foot in the ideal position for the body, which helps to eliminate the pain felt in the feet, knees, hips and back.

“Everything is connected,” said Dr. Pamela Mehta, MD, a board-certified orthopedic surgeon and Chief Medical Officer of Modern Performance + Recovery Brands. “Oftentimes people with low back pain, knee pain, or hip pain don’t even recognize that it’s actually coming from the poor support they have in their feet. The Good Feet 3-Step Arch Support System is clinically proven to provide significant pain relief in only 4 weeks*, as found in an academic study conducted with Dr. Adam Landsman from Harvard Medical School and Massachusetts General Hospital.”

The Good Feet Store in Sterling Heights will be well-suited to serve customers of all ages and interests. Beyond common lower body and back pains, the arch support system fosters wellness for professionals commonly on their feet, active adults and student-athletes.

“When we’re looking at expansion opportunities, we start by making sure the new location serves a specific purpose. A new location can provide an upgraded store experience, a more convenient space for our customers to reach, or simply reach a new market,” said Richard Moore, President and CEO of Modern Performance + Recovery Brands, the holding company of The Good Feet Store. “Working with Mike on expanding our presence in Michigan is a great opportunity primarily for the customers we serve, but also for our brand as a whole.”
