LAKWOOD RANCH, FL, UNITED STATES, February 10, 2025

[/EINPresswire.com/](https://EINPresswire.com/) -- For couples looking to go beyond traditional flowers and chocolates this year, the ['Times of My Life'](#) app celebrates love stories that will last forever. The app's Virtual Biographer offers a unique and heartfelt way for couples to honor their journey together by writing and sharing their love story.

From the thrill of a first kiss to the unforgettable moment of falling in love, Times of My Life offers personalized interviews to help individuals capture and preserve their most cherished romantic memories. Whether it's the story of first love, meeting their sweetheart, or the magic of falling in love, this special storytelling experience allows couples to relive the moments that made their love extraordinary.

"Love stories are timeless, and they deserve to be remembered and shared," said Mike O'Donnell, the app's creator and co-founder of The [Leaves Legacy Project](#). "This Valentine's Day, we invite people to celebrate their mate by capturing the precious memories of meeting and falling in love."

Participants can choose from several storytelling themes:

The screenshot displays the app's interface for Valentine's Day. It features four story themes arranged in a 2x2 grid, each with a representative image and a title. The top-left theme is 'First Kiss' with an image of a young boy and girl by a pond. The top-right theme is 'First Love' with an image of a young couple embracing. The bottom-left theme is 'Meeting My Sweetheart' with an image of a couple under a rainbow. The bottom-right theme is 'Falling In Love' with an image of an older couple. The app logo 'TIMES OF MY LIFE' is centered between the two rows. Below the grid is a red banner that reads 'Valentine's Day Stories' with the URL <https://timesofmy.life>. At the bottom of the screenshot, the text 'Valentine's Day Love Stories' and the full app logo 'TIMES OF MY LIFE' are displayed, along with the text 'Times of My Life Virtual Biographer'.
