LOS ANGELES, CA, UNITED STATES, February 11, 2025 /EINPresswire.com/ -- Freestyle Digital Media, the digital film distribution division of Byron Allen's Allen Media Group, has just released the historic cultural documentary SHIP OF DREAMS: TITANIC MOVIE DIARIES, which will be available to rent/own on all North American digital HD internet, cable, and satellite platforms, as well as on DVD, starting February 11, 2025.

SHIP OF DREAMS: TITANIC MOVIE DIARIES dives into the captivating story of James Cameron's Titanic creating an inside look from the cast and fans of the blockbuster film, as well as the legacy that this phenomenon has left in its wake. British actress-turned-filmmaker, Alexandra Boyd, reunites her fellow actors cast in James Cameron's TITANIC, to read diaries they wrote over twenty-five years ago. Their personal, never-before-heard stories paint a vivid picture of auditions and behind the scenes life on set and are captured in the actors' own words. The film also uncovers the dedication of TITANIC's superfans - affectionately known as Titaniacs. These passionate individuals from across the globe tell how Titanic profoundly influenced their lives at a young age. From exploring the historical background of the ill-fated ship to re-creating costumes and collecting the film's props while forging lifelong friendships along the way. Their unparalleled devotion mirrors James Cameron's meticulous attention to detail. The result is a love letter to the film and the power of the film industry and celebrates the enduring impact of TITANIC's legacy, in a captivating and moving tribute to one of the greatest cinematic achievements of all time.
