

# Paperless Lab Academy® & 20/15 Visioneers Forge Strategic Collaboration to Enhance Scientific & Laboratory Informatics

*This collaboration will help shape the future of scientific and laboratory digital+ transformations*

HEREFORD, PA, UNITED STATES, February 11, 2025 /EINPresswire.com/ -- Paperless Lab Academy® is proud to announce a groundbreaking collaboration with 20/15 Visioneers, a leader in digital+ transformation and innovation in labs.

This exciting partnership aims to elevate upcoming Paperless Lab Academy® conferences by combining industry expertise, shared commitment to advancing digital technologies in the lab, promoting seamless integration and supporting change management by fostering a digital mindset while complying with industry regulations.

## A New Era of Digital Transformation for Laboratories

This collaboration will bring together thought leaders, innovators and technology experts in the field of laboratory digitization to discuss all related topics, with a focus on scientific informatics and scientific data management to help laboratories embrace the latest trends, solutions and best practices.

We are excited about this synergistic endeavour and look forward to expanding its reach and excellence in networking and knowledge sharing”

*John F. Conway, Founder and Chief Visioneer Officer*

The PLA® conference has built a reputation for high quality content and active networking with the laboratory informatics industry and has expanded internationally with editions in Europe, India and the USA... “We are thrilled to join forces with 20/15 Visioneers and pool our collective expertise in laboratory automation and digitalization to support the expansion of the PLA® Conferences and reach every laboratory in every industry,” comments Isabel

Muñoz-Willery Ph.D., founder and owner of NL42 Consulting, owner and event director of the PLA® Conferences.

20/15 Visioneers has built a global reputation for its virtual events, superior scientific content generation, and new Pathfinders™ outdoor

networking offering. If there was any scientific or laboratory informatics-oriented conference in the world, it would be the PLA®. “We are excited about this synergistic endeavour and look forward to expanding its reach and excellence in networking and knowledge sharing,” says John F. Conway, Founder and Chief Visioneer Officer at 20/15 Visioneers

#### About 20/15 Visioneers

20/15 Visioneers is at the forefront of the laboratory technology revolution, specializing in delivering high-impact solutions for digitalizing laboratory operations. It is committed to helping labs harness the full potential of their data, achieve insilico-first, and leverage its model quality data for more and faster insights. 20/15 Visioneers brings innovative tools and a visionary approach to laboratory transformation, focusing on enhancing data integrity, streamlining workflows, and driving measurable results.

#### About Paperless Lab Academy® Conferences

Paperless Lab Academy® is an internationally recognized conference series that brings together laboratory professionals and technology innovators to explore the intersection of digital transformation, automation, and compliance in the laboratory environment. The PLA's mission is to provide actionable insights, practical solutions, and a platform for collaboration among the world's leading experts in laboratory digitization.

The Paperless Lab Academy® is owned and organised by NL42 consulting, an independent consultancy firm whose services focus on the digitalisation of laboratory and quality processes. At NL42, we believe that discussions at the PLA® Conferences should be accessible to everyone, regardless of their experience and stage of their digital transformation journey.
