The Business Research Company's Animal Gastroesophageal Reflux Disease Global Market Report 2025 – Market Size, Trends, And Global Forecast 2025-2034

LONDON, GREATER LONDON, UNITED KINGDOM, February 11, 2025

/EINPresswire.com/ -- Is The Animal Gastroesophageal Reflux Disease Market Set To Witness Substantial Growth?

The Business
Research Company

The Business Research Company

The [global animal gastroesophageal reflux disease market](#) is expected to grow from \$1.82 billion in 2024 to \$1.98 billion in 2025 at a compound annual growth rate CAGR of 8.9%. By 2029, the

market will grow to \$2.76 billion, with a CAGR of 8.6%. This growth can be attributed mainly to advancements in veterinary diagnostic technologies, increase in pet obesity rates, and rising awareness of gastrointestinal disorders in pets. Furthermore, an increase in pet ownership and health expenditure, as well as the development of specialized veterinary pharmaceuticals and diets, can also be attributed to this progressive growth.

Who Are The Key Players In The Animal Gastroesophageal Reflux Disease Market?

Major players operating in the [animal gastroesophageal reflux disease market size](#) include Zoetis Inc., VCA Animal Hospitals, Petco Health and Wellness Company Inc., Merck Animal Health, among others. Development of specialized veterinary pharmaceuticals and diets are some advancements making headways in the market. Special emphasis is being put on the humanization of pets, which is expected to drive the growth of the market.

Humanization of pets, a growing trend in which pet owners treat their animals more like family members and attribute human-like emotions, needs, and behaviors to them, is expected to propel the demand for specialized healthcare, premium diets, and wellness products.
