The growth in need for the secure data transfer, demand for the real-time visibility to the file transfer transactions, and cost-friendly subscription models drive the growth of the market. However, factors such as lack of awareness and reluctance to switch from the traditional file transfer solutions hinder the market. Moreover, growth in dependence of the healthcare and BFSI market on the cloud-based solutions is expected to provide lucrative growth opportunities for the market.

Key players in the market include:

- Software AG,
