-- CIO Landing, announced today that

CRN®, a brand of The Channel Company, has recognized CIO Landing on its Managed Service Provider (MSP) 500 list in the Security 100 category for 2025.

CRN's annual MSP 500 list is a comprehensive guide to the leading MSPs in North America. These companies deliver essential managed services that enhance business efficiency, simplify IT, and optimize return on technology investments for their customers.

“

This award reinforces our mission to provide I.T. that just works – so our clients can focus on growing their business with confidence.”

*Juan Carlos Bosacoma, CEO of  
CIO Landing*

The annual MSP 500 list is divided into three sections: the Pioneer 250, which recognizes MSPs focused on the small-and-midsize-business market; the Elite 150, recognizing MSPs with a blend of on- and off-premises services for mostly midmarket and enterprise customers; and the Managed Security 100, spotlighting MSPs with cloud-based

security services expertise.

The MSP 500 list showcases and celebrates MSPs that are driving growth and innovation. These solution providers empower businesses with complex technologies so they can achieve their business goals without stretching financial resources.

For the third consecutive year, CIO Landing has been named to the MSP 500 list in the Security 100 category – recognizing our commitment to making cybersecurity simple and effective for businesses. We take the complexity out of I.T. security by delivering proactive protection and expert guidance – so our clients don't have to worry about cyber threats. This recognition highlights our ongoing dedication to simplifying cybersecurity and giving our clients peace of mind.

“The solution providers on our 2025 MSP 500 list deliver innovative managed services portfolios that enable clients of every size to be more agile and optimize their IT budgets as they grow their business,” said Jennifer Follett, VP of U.S. Content and executive Editor CRN, at The Channel Company. “These are the companies that anticipate client tech needs and develop groundbreaking services and solutions that let customers focus on their core business so they can accelerate success.”

“Being named to the MSP 500 list for a third year in a row is a testament to our commitment to making I.T. security simple, effective, and stress free for our clients,” said Juan Carlos Bosacoma, CEO of CIO Landing. “This award reinforces our mission to provide I.T. that just works – so our clients can focus on growing their business with confidence.”
