workplace analytics and operations enablement platform announces its participation in the [HFS India Summit 2025](#), scheduled for February 13, 2025, at The Leela Palace in Bengaluru.

The HFS India Summit is a premier event that brings together industry leaders, analysts, and practitioners to discuss the latest trends and innovations in business operations and technology. The summit provides a platform for sharing insights on how organizations can navigate the evolving landscape of digital transformation

and operational excellence.

At the summit, ProHance will showcase its advanced platform designed to provide actionable insights for smarter decision-making in complex, distributed, and hybrid workforces. The platform's comprehensive suite of modules — including work time, work output, workflow management, advanced analytics, asset optimization — enables organizations to enhance productivity, optimize operations, and improve employee engagement.

Additionally, ProHance is accelerating AI adoption in enterprises by offering real-time intelligence and automation-driven insights, empowering businesses to make data-driven decisions faster and more efficiently.

“We are looking forward to participating in the HFS India Summit 2025 to demonstrate how ProHance can empower organizations to optimize their operations,” says Saurabh Sharma, Chief Growth Officer at ProHance. “Our platform is designed to help organizations become future-ready by keeping teams connected, visible and engaged, ultimately leading to improved business outcomes.”

ProHance's team of experts will be on hand to discuss how the platform's real-time intelligence and scalability can address the unique challenges faced by organizations today.
