What kind of hotels are "hotel MONday" and "MONday Apart"?

The "hotel MONday Group" is a hotel chain with 21 facilities in Tokyo (in key business areas such as Toyosu, Nishi-Kasai, Nihonbashi, and Hamamatsucho, as well as areas rich in local culture like Akihabara and Ueno Okachimachi), 4 facilities in Kyoto (in areas convenient for access to Kyoto Station and tourist destinations, including Karasuma Nijō, Marutamachi, and Kyoto Shichijō Horikawa), and a newly opened facility in Osaka (in the Osaka Namba area, a region where history, culture, cuisine, and entertainment blend, often referred to as Japan's second city).

The MONday Apart series, aiming to offer an "aparthotel" experience where guests can "live" like locals, is located in areas suitable for both tourism and business. In addition to its prime locations, the hotels are equipped with excellent facilities.

The rooms are simple and functional, while incorporating Japanese aesthetics, and include amenities for long-term stays, such as kitchens for self-catering, automatic washers and dryers, and other services to ensure a comfortable stay for guests.

MONday Apart Premium Nihonbashi, operated by JHAT, achieved an extraordinary milestone. For 42 consecutive months - from September 2021 through February 2025 - it has maintained its position as the #1 ranked hotel among all properties in Tokyo's 23 wards on TripAdvisor.

The success isn't limited to just this location. All MONday Apart facilities have garnered outstanding guest reviews, with their excellence recognized through multiple 2024 TripAdvisor awards.
