

iPlanTables Partners with Itekube to Bring Outdoor BIM Touch Workstations to North America

iPlanTables partners with Itekube to bring rugged, waterproof BIM touch workstations to North America—revolutionizing outdoor job site efficiency.

CHEYENNE, WY, UNITED STATES, February 20, 2025 /EINPresswire.com/ -- [iPlanTables](#), a leader in innovative [wide-format touchscreen workstations](#),

is proud to announce an exclusive North American distribution agreement with Itekube, a European renowned provider of waterproof outdoor digital workstations. This strategic partnership sets a new standard for outdoor job site efficiency, merging iPlanTables' expertise in digital workstation solutions with the advanced technology of Itekube's BIM touch models.

Meet the iPlanTables - Itekube BIM Outdoor Touch Workstation Model B

“

We're excited to bring Itekube's advanced workstations to North America, delivering solutions that exceed modern job site challenges and empower professionals with precision and efficiency.”

Kevin Rowe, iPlanTables CEO

Under this agreement, iPlanTables will oversee the sales, assembly, and service of Itekube's cutting-edge outdoor BIM workstations, providing construction, engineering, and industrial professionals with highly durable and mobile solutions for their demanding projects. Featuring rugged design, 4K high-brightness touchscreens, 4G/5G/WIFI connectivity, and weatherproof construction, Itekube's workstations are engineered for optimal performance in extreme work environments.

“We are thrilled to bring Itekube's state-of-the-art digital workstations to North America,” said Kevin Rowe, CEO of

iPlanTables. “This partnership allows us to offer solutions that not only meet but exceed the challenges of modern job sites, empowering professionals with advanced tools for efficiency and

precision.”

“Having sold hundreds of our workstations in Europe over the last few years, we have found the perfect partner to expand into North America”, said Julien Ulrich, CEO of Itekube. “iPlanTables understands the value of our solutions and has the expertise and capabilities to address the market here in the best way possible”.

[Itekube’s BIM Outdoor Touch Workstation](#) is designed with industry professionals in mind, enabling seamless on-site use of software such as Autodesk’s and Procore’s. It is an ideal solution for tasks such as 2D/3D plan reviews, construction planning, and collaborative design processes. The ergonomic, easy-to-move design includes features like lockable storage, heating/ventilation options, and a full day of battery autonomy, ensuring smooth operations even in the harshest conditions.
