Bolton Law and its board-certified divorce lawyers can help clients confidently navigate the primary grounds for divorce in Texas, including:

**Cruelty:** One of the more commonly cited grounds for a fault-based divorce is cruelty. Under Texas law, a spouse can file for divorce if they have been subjected to severe emotional or physical cruelty. Mental cruelty may include actions like manipulation, isolation, and verbal abuse, while physical cruelty involves any form of physical harm or threat.

**Adultery:** A spouse can seek a divorce based on infidelity, and while direct evidence, such as photographs, isn't required, circumstantial evidence is often used to substantiate the claim. Examples of such evidence include financial records indicating unusual spending on hotel stays, gifts, or trips that suggest an extramarital affair.

**Felony Conviction:** A felony conviction is a valid ground for divorce in Texas and can be pursued with the help of an experienced divorce lawyer. If one spouse is convicted of a felony and sentenced to more than a year in prison, the other spouse may file for divorce on these grounds.

Abandonment: When a spouse has been absent from the marital home with the intent to abandon their partner for at least one continuous year, the remaining spouse can file for divorce.

Whether filing for divorce or needing a strong response to a divorce petition, Bolton Law's seasoned divorce lawyers will advocate a client's best interests with skill, compassion, and commitment to achieving the best possible outcome.
