

Analytics Jobs Presents Comprehensive Great Learning Data Science Reviews: Insights from Quora, Reddit, and Alumni's

Analytics Jobs Offers Detailed Reviews of Great Learning's Data Science Program: Perspectives from Quora, Reddit, and Alumni Feedback

NOIDA, UTTAR PRADESH, INDIA,

February 17, 2025 /EINPresswire.com/ -- When it comes to pursuing a career in data science, choosing the right course is crucial. At Analytics Jobs, we bring you genuine and unbiased reviews for popular courses, including the [Great Learning Data Science Course reviews](#). Let's dive

“

At Analytics Jobs, we strive to empower learners with honest, transparent, and data-driven reviews. Our mission is to provide students with the necessary insights to choose the best programs.”

Kaushik Aeri, CEO - Analytics Jobs

into real experiences from students and professionals to help you decide if Great Learning is the right choice for your data science journey.

Great Learning Reviews from Quora, Reddit, and Glassdoor

Great Learning is a well-known name, but what do students and alumni really say? Here's a summary from popular platforms:

Great Learning Reviews Quora: Many users praise the course structure and mentor support. However, some

complaints highlight issues with placement assistance.

Great Learning Reviews Reddit: Reviews on Reddit show a mix of experiences. Students appreciate the industry-oriented curriculum but mention that placements depend heavily on self-effort.

Great Learning Reviews Glassdoor: Employees rate the company well for work culture, but some students express dissatisfaction with post-course support.

Great Learning Data Science Course Fees in India

The fees for Great Learning's Data Science programs range from INR 2.5 lakhs to INR 4 lakhs, depending on the course type and duration. While some students find the fees justified by the quality of education, others feel it is expensive compared to alternatives.

Does Great Learning Provide Placement? Insights from Students

[Great Learning Placement Review](#)

Quora: Mixed opinions prevail. Some students report successful placements, while others feel that placement assistance is limited.

Great Learning Placement Review Reddit: Alumni note that networking and applying proactively are key to landing jobs.

Great Learning Placement Review for Data Science: Placements are decent but best suited for those who leverage alumni networks and LinkedIn.

Common Complaints and Contact Information

Great Learning Complaints Email: Some students shared that responses to their concerns via email were slow.

Great Learning Complaints Phone Number: Students have reported difficulties in reaching support through the helpline.

Great Learning Complaints Ombudsman: A few users have escalated unresolved issues through consumer complaint platforms.

Great Learning Contact Number: Available on their official website for queries.

Great Learning Free Courses and Academy Offerings

Great Learning offers free courses through Great Learning Academy, making it accessible for

beginners. Topics include Python, AI, and data science fundamentals. These free resources are highly rated by users.

Final Verdict: Is the Great Learning Data Science Course Worth It or which is the [best data science course?](#)

Overall, Great Learning Reviews indicate that the courses offer solid content and industry relevance. However, prospective students should weigh the high fees against the placement outcomes. Genuine experiences on platforms like Quora, Reddit, and Glassdoor suggest that self-effort and networking play a crucial role in career success.
