Publishing presents DuWayne A.

Carlson, MD, an orthopedic trauma surgeon and researcher, ventures beyond the operating room with his groundbreaking new book, *Atheistic Christianity: A Different Look at God*. This provocative and thought-provoking work invites readers to reconsider long-held beliefs about God, faith, and the criticisms often associated with religion.

At first glance, the title *Atheistic Christianity* might seem paradoxical, but DuWayne presents a compelling case for a deeper and more nuanced understanding. The book explores the rejection of unloving and harmful portrayals of God—traits that have led

many atheists to turn away from religion. Instead, Dr. Carlson challenges readers to embrace a vision of a benevolent, trustworthy, and loving God who is always at work for the benefit of His creation.

Through a careful analysis of scripture, Dr. Carlson reexamines challenging passages from the Old Testament and unpacks Jesus' declaration, "the reason I was born and came into the world is to testify to the truth." His conclusions offer readers a radically different view of God, one that aligns with trustworthiness, love, and a deeper sense of spiritual purpose.

Having grown up as a Christian, DuWayne often grappled with aspects of religion that seemed incongruent. His journey led him to a transformative understanding of God—one that seeks to heal and inspire change, resonating deeply with both skeptics and believers alike.

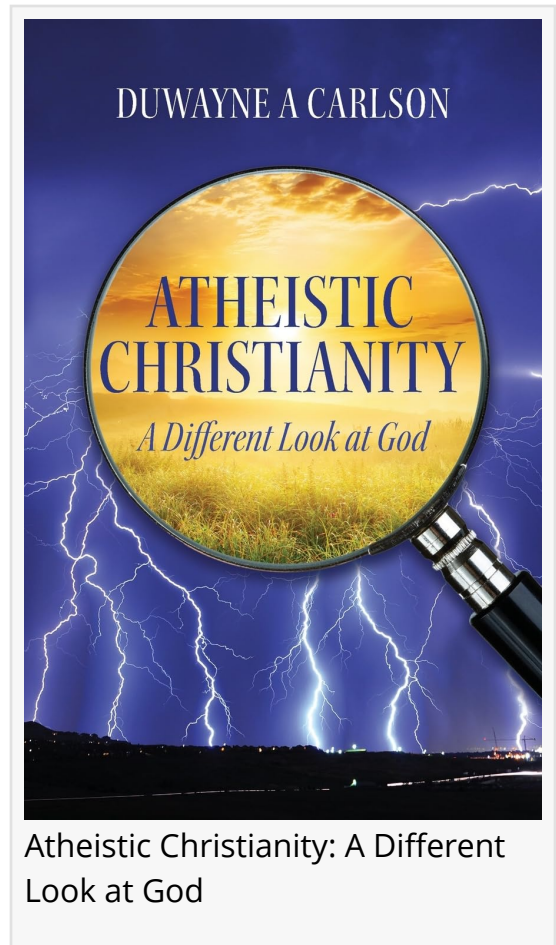

Duwayne A Carlson

DuWayne explains that his book was born out of a desire to reconcile the criticisms of atheism with a fresh perspective on God. Originally conceived as *The God Delusion in Context*, the book evolved to its current title to reflect its core premise: agreement with many of atheism's critiques while offering a hopeful alternative rooted in biblical context.

Readers of *Atheistic Christianity* will walk away with an inspiring realization: when seen in context, God's love and devotion to humanity are far greater than many believers have imagined. This new understanding not only reshapes how individuals view God but also transforms how they live and relate to others.

Atheistic Christianity: A Different Look at God is now available for purchase on [Amazon](#) and other online [retailers](#). For those seeking a fresh and enlightening perspective on faith, this book is a must-read.
