

The Good Feet Store Relocates Little Rock Location to Conway to Help Local Residents Live the Life They Love

The Leading Retailer of Premium, Personally-Fitted Arch Supports Expands with the Opening of its Relocated Little Rock Location

CONWAY, AR, UNITED STATES, February 18, 2025 /EINPresswire.com/ -- [The Good Feet Store](#), recognized nationally as the market-leading manufacturer and retailer of premium, personally-fitted arch supports, announced today the relocation of their Little Rock location to Conway, scheduled for February 18.

“Our relocated location in Conway offers our customers the best, highest quality in-store experiences with updated store materials and fitting stations. We’re looking forward to the opportunity to continue helping our community live the life they love with less pain,” said Ryan and Lauren Gray, Owners of The Good Feet Store in Conway.

“

Our relocated location in Conway offers our customers the best, highest quality in-store experiences with updated store materials and fitting stations.”

Store in Conway*

Situated at 601 Elsinger Blvd, Space 6, the new store is one of nearly 300 locations open now nationwide and is part of a strategic growth initiative that stands to add more than 40 locations in 2025. As with all the brand’s stores, the Bettendorf location offers customers a no-obligation, free, personalized in-store fitting with a trained Good Feet Arch Support Specialist.

For more than 30 years, The Good Feet Store has been an innovator in foot health and wellness — and it starts with

Good Feet Arch Supports. Consisting of three types of arch supports, the Good Feet Arch

Supports System works in concert to provide better pain relief, performance, balance and comfort. By focusing on all four arches in the foot, the supports are designed to keep the foot in the ideal position for the body, which helps to eliminate the pain felt in the feet, knees, hips and back.

“Everything is connected,” said Dr. Pamela Mehta, MD, a board-certified orthopedic surgeon and Chief Medical Officer of Modern Performance + Recovery Brands. “Oftentimes people with low back pain, knee pain, or hip pain don’t even recognize that it’s actually coming from the poor support they have in their feet. The Good Feet 3-Step Arch Support System is clinically proven to provide significant pain relief in only 4 weeks*, as found in an academic study conducted with Dr. Adam Landsman from Harvard Medical School and Massachusetts General Hospital.”

The Good Feet Store in Conway will be well-suited to serve customers of all ages and interests. Beyond common lower body and back pains, the arch support system fosters wellness for professionals commonly on their feet, active adults and student-athletes.

“We’re thrilled to see Ryan and Lauren Gray open a more convenient Good Feet Store location for the Little Rock community,” said Richard Moore, President and CEO of Modern Performance + Recovery Brands, the holding company of The Good Feet Store. “As we remain in communities across the country we maintain a commitment to bring our customer the highest quality in-store experience possible from relocating to more convenient storefronts to updated in-store materials.”
