

Narconon's Legacy of Drug-Free Recovery: 59 Years and Tens of Thousands of Lives Saved

HOLLYWOOD, CA, UNITED STATES, February 19, 2025 /EINPresswire.com/ -- February 19, 2025, marks the 59th anniversary of Narconon, one of the world's most successful drug and alcohol rehabilitation programs. From its humble beginnings in an Arizona prison to its [network of international facilities](#), Narconon has demonstrated an unwavering commitment to addressing the global addiction crisis.

The past year has marked significant growth for Narconon's global mission. With 31 residential centers across 16 nations, the organization continues to expand its reach, welcoming 662 new graduates and educating over 32,000 people about the dangers of drug abuse in 2024. Since its inception, Narconon has helped tens of thousands achieve drug-free lives.

“

Sixteen years ago, Narconon gave me exactly what I needed—a fresh start and the tools to maintain it. Today, I'm living proof that Narconon's approach creates lasting change.”

Narconon Graduate

As Narconon approaches this milestone, its flagship facility and international training center, Narconon Arrowhead in Oklahoma, exemplifies the organization's commitment to continuous improvement. This stunning facility located on the shores of Lake Eufaula, south-east of Tulsa, mirrors the process within its walls daily—where lives are rebuilt, hope is restored, and new beginnings take shape.

Meanwhile, [Narconon Africa](#), the newest continental center, has become a beacon of hope since opening in late

2023, featuring state-of-the-art facilities outside Johannesburg. Additional centers in Mexico, Japan, and Taiwan have expanded Narconon's rehabilitation services across Latin America and Asia.

In 2024, recognition of Narconon's impact came from diverse corners of the global community. In Oklahoma, State Senator George Young presented Narconon Arrowhead with a special proclamation acknowledging its years of dedicated service, while in Mexico, the Quintana Roo State Commission of Mental Health formally recognized Narconon's contributions to public health.

The enduring success of Narconon's approach is best illustrated through its graduates. One reflects: "Sixteen years ago, Narconon gave me exactly what I needed—a fresh start and the tools to maintain it. Today, I'm living proof that Narconon's approach creates lasting change."

The program's comprehensive approach developed by acclaimed author and humanitarian, L. Ron Hubbard includes a drug-free withdrawal process, a unique detoxification method to help eliminate drug residues, and Life Skills Courses that equip graduates with practical tools for maintaining a stable, drug-free life.

For more information about creating a new drug-free future through Narconon's rehabilitation program, visit www.narconon.org or call (888) 327-7035.
