

# Smile Source North launches iTero Scanning for Precise, Mess-Free Impressions

*Transforming dental care in Spokane's North Side with iTero digital scanning technology for faster, more accurate, and comfortable patient experiences.*

SPOKANE, WA, UNITED STATES, February 19, 2025 /EINPresswire.com/ -- Smile Source Spokane - North Side is bringing a new level of precision and comfort to dental care with iTero digital scanning technology. This state-of-the-art system eliminates the need for messy, traditional impressions, providing a faster, more comfortable experience for patients of all ages.

Dr. Jeff Henneberg, DDS, and [Dr. Eric Ellingsen, DDS](#), use iTero scanning to create custom dental restorations, including crowns, bridges, veneers, and dentures. The highly detailed 3D images allow for exceptional accuracy, ensuring a perfect fit while reducing the need for adjustments.

“

Our goal is to provide top-quality care using the most advanced technology available and making the process easier and more efficient for our patients.”

*Dr. Eric Ellingsen*

“Our goal is to provide top-quality care with the most advanced technology available,” said Dr. Ellingsen. “With iTero, we can take highly detailed digital impressions in minutes, making the process easier and more efficient for our patients.”

In addition to restorative treatments, iTero scanning is ideal for orthodontic patients, including children, offering a safe, painless, and precise way to plan treatment. Patients at Smile Source Spokane - North Side can feel confident

The logo for Smile Source Spokane. "Smile Source" is written in a blue, cursive script font, followed by a registered trademark symbol. Below it, "SPOKANE" is written in a blue, all-caps, sans-serif font.
