“We continue to see massive growth in the Mid-Atlantic region and are excited to welcome Piedmont Triad International Airport (GSO) to our growing list of airports that Breeze serves in the region,” said Lukas Johnson, chief commercial officer at Breeze Airways. “It's clear our Guests in North Carolina love our premium travel options and convenient service and policies, and we look forward to welcoming more Guests in the region with this new service from GSO.”

The airline also announced that it will double its twice-

weekly frequencies between Orlando, Florida and both Portland, Maine, and Lancaster, Pennsylvania, for the summer season. Service between Orlando and Portland will increase to four-times weekly on Mondays, Wednesdays, Fridays, and Saturdays, starting June 4, while service between Orlando and Lancaster will increase to four-times weekly on Mondays, Thursdays, Fridays, and Sundays, starting June 6.

GSO is the latest in a series of new airports to join the Breeze network so far this year as the airline continues to see strong demand for its low-cost premium leisure model. The airline, which leverages a flagship fleet of new and efficient Airbus A220 aircraft to connect secondary markets directly, currently serves 32 cities in the Northeast and Mid-Atlantic regions and is the number one carrier for most destinations served in nearly 40% of them.

Known for its premium low-cost model, Breeze was recently named 2025 Startup Airline of the year by the Centre for Aviation (CAPA) and recognized as a Four-Star Low-Cost Carrier at the 2025 Airline Passenger Experience Association (APEX) Five-Star and Four-Star Airline Awards. The APEX Five- and Four-Star airlines represent the top 100 carriers in the world for passenger experience, with only eight percent of airlines worldwide achieving this status. Earlier this year, Breeze was ranked in the top five of Travel + Leisure's "Best Domestic Airlines" for the third consecutive year.

Coupled with an elevated experience featuring premium seating options and high-speed WiFi on its fleet of brand-new Airbus A220-300 aircraft, Breeze is defining what it means to be "Seriously Nice" in an industry that has been anything but. Breeze offers both bundled and a la carte options so travelers can customize an experience that fits their needs. Breeze's fare bundles feature full flexibility along with other add-ons such as bags, seats and inflight WiFi.
