

MOUNTRAX Announces Launch of New DIY Foot Massager

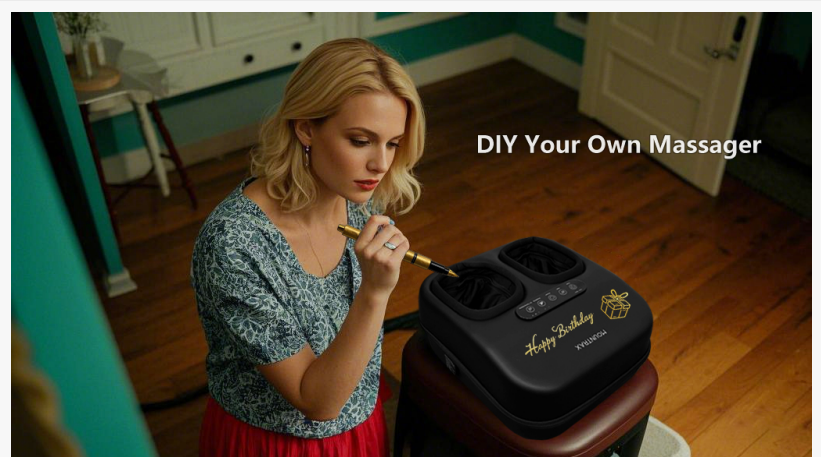

MOUNTRAX launches DIY Foot Massager with customizable design, offering a personalized foot care experience suitable for various occasions.

CA, UNITED STATES, March 3, 2025 /EINPresswire.com/ -- [MOUNTRAX](#) has officially launched its new [DIY Foot Massager](#), now available for purchase. Designed with a high-quality EVA exterior, this foot massager provides a soft yet durable surface that can be customized according to the user's preference. With the inclusion of a non-washable marker, the surface becomes a blank canvas, allowing users to personalize their massager by drawing or writing on it. This feature makes the MOUNTRAX Foot Massager a unique gift option for occasions such as Christmas, birthdays, or any significant celebration.

The foot massager offers adjustable settings, including two levels of massage intensity and three levels of full-coverage compression. Three massage nodes target the front, middle, and back of the foot, providing a deep and comprehensive massage designed to relieve foot pain and fatigue.

Equipped with a heating function that reaches up to 122°, the massager helps promote blood circulation and alleviate muscle soreness. A 15/30-minute timer allows for an ideal massage duration, automatically shutting off after the set time to ensure safe and comfortable use.

The removable foot cover can be zipped off for cleaning, making the product more convenient

DIY Your Own Massager
