AUSTIN, TX, UNITED STATES, February 20, 2025 /EINPresswire.com/ -- As geopolitical tensions rise and global markets face increasing uncertainty, top-ranked economist, leading futurist, and bestselling author [Jason Schenker](#) announced his forthcoming book Cold War Two: Navigating a New Era of Uncertainty for the Economy, Finance, Energy, Technology, Trade, and Supply Chain.

Set to be published on March 24, 2025, Schenker's book is now available for preorder on Amazon: [Preorder Here](#).

Understanding the New Global Conflict: Cold War Two  
The world is in the middle of Cold War Two®—a high-stakes conflict between the United States and China, along with their respective allies. In recent years, trade, technology, finance, and supply chain have become battlegrounds in this intensifying competition, pushing the global economy to the brink.

In Cold War Two, Schenker will provide historical perspectives, economic analysis, and futurist scenarios that help businesses, investors, and policymakers navigate this new era of geopolitical and economic conflict. With deep expertise in economic security, financial markets, energy, and national defense, Schenker will examine the forces driving the conflict and outline key risks and opportunities for the decade ahead and beyond.

"Will Cold War Two be won through economic warfare, technological supremacy, or financial leverage? How will businesses, industries, and nations be impacted?" Schenker asks. "The future is being written now—and those who prepare will be best positioned to win."
