-- For over a decade, [IIL Printing](#) has been our trusted "behind-the-scenes

partner" for International Institute for Learning's ([IIL](#)) corporate training workbooks and supplemental learning materials for clients all over the world. Now, with its official debut, we are set to revolutionize how companies approach their printing needs. We have complete fulfillment and warehousing services as well.

Why IIL Printing?

- **Expertise Backed by Legacy:** Because we know what is important. Quality being a given, we know the last-minute nature of printing, that's why we've designed our systems with just that in mind. Last minute orders, last minute changes to files, additions, version control, security, confidentiality, cancellations? We do this in our sleep, it's in our DNA. Need assistance with last minute editing, we do that, too!
- **Cutting-Edge Technology:** When selecting our printing technology, we carefully chose equipment that provides the high quality, vibrant images required today along with the "turn-on-a-dime" demands that our customers have come to expect from us. "Just-in-Time" is the way we do business. We really do understand that your success is our success.
- **Our "Can-Do" Attitude for:** Responsiveness, Budget-Consciousness, High Quality Output, Exceeding Expectations, and Going the Extra Mile. We enjoy building lasting relationships, meeting challenges, and customizing orders.

"This is an exciting chapter for IIL Printing," said E. LaVerne Johnson, Founder, President & CEO of IIL.
