

Smart Glass Technologies Announces Major Growth & Innovations at 2025 Annual Meeting

Smart Glass Technologies Unveils Record Growth, Expansion, and Next-Gen Innovations at 2025 Annual Meeting

PAMPANO BEACH, FL, UNITED STATES, February 22, 2025 /EINPresswire.com/ -- Smart Glass Technologies, a leader in switchable privacy glass solutions, is proud to announce key milestones and future plans at its 2025 Annual Meeting. With record-breaking growth, strategic expansions, and cutting-edge innovations, SGT continues to redefine the smart glass industry.

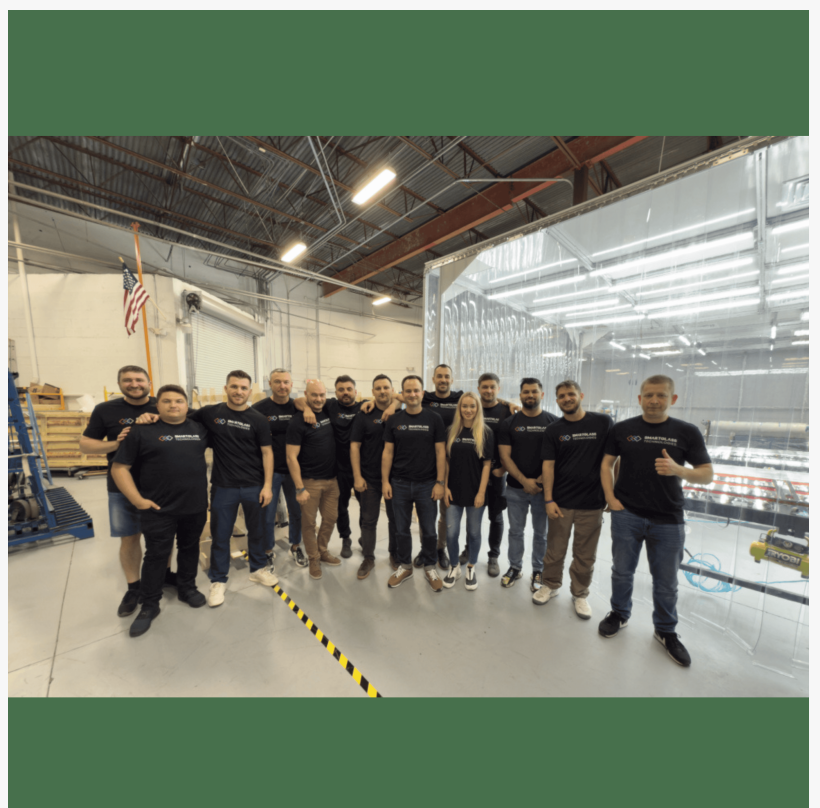

Key Announcements:

□ **30% Revenue Growth:** SGT has achieved a remarkable 30% increase in revenue from 2023 to 2024, reinforcing its position as a market leader.

□ **Expansion into New Markets:** SGT has expanded its installation network to meet rising demand, now serving key cities like Atlanta, Seattle, Las Vegas, Houston, Washington D.C., and beyond.

□ **New Miami Manufacturing Facility:** A state-of-the-art production facility has opened in Miami, enhancing production capacity and efficiency while ensuring top-quality solutions for customers.

□ **Cutting-Edge Technologies:** SGT is launching next-generation solutions, including CLC (Complete blackout for maximum light blocking), PNL (Reverse privacy for selective visibility control), SPD (Solar and heat control for energy efficiency) and Insulated Glass Units (IGUs)—transforming glass applications across industries.

smart glass technologies

“At Smart Glass Technologies, our vision is to establish ourselves as the premier supplier and industry expert in switchable privacy glass solutions. We are committed to continuous innovation, delivering cutting-edge solutions that enhance privacy, security, and functionality for our customers.”

William Vasile Turcan, CEO of Smart Glass Technologies.

As SGT continues to push the boundaries of smart glass technology, this year’s Annual Meeting serves as a platform to reflect on achievements and chart the course for the future.

About Smart Glass Technologies

Smart Glass Technologies is a premier innovator in switchable privacy glass solutions, delivering cutting-edge products for commercial, residential, healthcare, retail, and public spaces. Since 2018, SGT has been at the forefront of smart glass manufacturing, offering a diverse range of high-quality solutions, including laminated glass, insulated glass units (IGUs), and switchable films.

With expertise in PDLC, PNLC, SPD, and CLC technologies, SGT continues to push the boundaries of innovation, enhancing privacy, security, and energy efficiency across industries. Driven by a commitment to excellence and sustainability, Smart Glass Technologies is shaping the future of intelligent glass solutions worldwide.
