

# Bringing Water to Earth: A Celebration of Water's Power, Culture, and Future

*Bringing Water to Earth celebrates water's power through art, science & community events, inspiring water leadership across Berkshire County and beyond.*

LENOX, MA, UNITED STATES, February 24, 2025 /EINPresswire.com/ -- This spring, [OneWater Project](#) proudly presents [Bringing Water to Earth Series](#), a dynamic and immersive event series running from Friday, March 21, 2025, through Saturday, April 26, 2025.

Celebrating water's essential role in our lives, this county-wide initiative unites art, science, community, and advocacy to spark bold conversations and inspire leadership in water sustainability.

JFK Berkshires

“

Anyone who can solve the problems of water, will be worthy of two nobel prizes - one for peace and one for science.”

*President John F Kennedy*

From invigorating cold plunges to thought-provoking talks, hands-on workshops to film screenings, Bringing Water to Earth Series features a diverse array of experiences designed to honor water's profound influence on culture, health, and the environment. Culminating in the Pittsfield National Water Summit, this series invites participants to engage deeply with the future of water conservation and innovation.

About OneWater Project: Inspired by the quote of President John F. Kennedy - “Anyone who can solve the problems of water, will be worthy of two nobel prizes - one for peace and one for science.” OneWater Project is building leadership through water inspired engagement, including educational salons, cultural events and building solutions by harnessing our own creativity and inspiration. For more information, visit [OneWater Project](#).

“Water shapes our world in ways we often take for granted. The Bringing Water to Earth series is about awakening our awareness, deepening our connection, and ensuring we lead with bold

solutions for water's future," said Leslie Gabriel, Director of OneWater Project"

## PITTSFIELD NATIONAL WATER SUMMIT

Saturday, April 26, 2025 | Zion Lutheran Church, Pittsfield, MA | 11 AM – 2 PM

The culmination of the Bringing Water to Earth series, this powerful gathering convenes community leaders, activists, scientists, and visionaries to discuss six critical water topics:

- Revolutionizing Public Water Utilities – Innovating outdated systems for a sustainable future.
- Breathing Life into Blue Spaces – Revitalizing urban waterways.
- Cleaning Water, Naturally – Using bioremediation to heal polluted landscapes.
- Making Waves in Recreation & Hospitality – Leveraging water for economic growth.
- Rethinking Military Footprints – Addressing contamination and resilience.
- Economic Renewal Through Water – Building climate-smart, sustainable businesses.

This summit marks a pivotal moment for regional and national water advocacy, ensuring that Berkshire County leads the charge in sustainable water solutions.

The Bringing Water to Earth Series is an invitation to celebrate, protect, and harness water's power in every aspect of our lives. Engage, learn, and make waves in your community. For more details on the series, visit: [Bringing Water to Earth Pitch Deck](#)
