

# Biomaterials Market to Reach USD 333.73 Bn by 2032 with 7.82% CAGR | Evonik Industries AG

As per MRFR analysis, the Biomaterials Market Size was estimated at 157.18 (USD Billion) in 2024. The Biomaterials Market Industry is expected to grow

US, NY, UNITED STATES, February 24, 2025 /EINPresswire.com/ --

Biomaterials Market Research Report Information By Type (Metallic, Ceramics, Polymeric and Natural Biomaterials), By Application (Joint Replacements, Ophthalmology,

Cardiovascular, Wound Healing, Plastic Surgery and Neurological Conditions), and By Region (North America, Europe, Asia-Pacific, And Rest Of The World) – Market Forecast Till 2034

## Biomaterials Market Overview

According to MRFR analysis, the Biomaterials Market Size was valued at USD 157.18 billion in 2024 and is projected to grow from USD 169.47 billion in 2025 to USD 333.73 billion by 2034, at a CAGR of 7.82% during the forecast period (2025–2034).

Key factors driving the [Biomaterials Market market growth](#) include the aging population, increasing prevalence of cardiovascular and orthopedic diseases, advancements in medical technology, and growing awareness regarding implantable devices.

## Top Healthcare Cyber Security Market Companies

Royal DSM (Netherlands)

BASF SE (Germany)

Corbion N.V. (Netherlands)

Covestro (Germany)

Invibio Ltd. (UK)

Carpenter Technology Corporation (USA)

Evonik Industries AG (Germany)

Berkeley Advanced Biomaterials Inc. (USA)  
CAM Bioceramics BV (Netherlands)  
Celanese Corporation (USA)  
Wright Medical Technology Inc. (USA)  
Zimmer Biomet Holdings Inc. (USA)  
Bayer AG (Germany)

## Market Segmentation

### Type Insights

- Metallic
- Ceramics
- Polymeric (dominant segment due to diverse applications)
- Natural Biomaterials

### Application Insights

- Joint Replacements
- Ophthalmology
- Cardiovascular (fastest-growing segment)
- Wound Healing
- Plastic Surgery
- Neurological Conditions

## Key Benefits of the Biomaterials Market Research Report:

1. Comprehensive Market Analysis – The report provides an in-depth analysis of the current market trends, growth factors, challenges, and opportunities shaping the biomaterials industry.
2. Market Size and Growth Forecast – It includes detailed projections of market size from 2024 to 2034, highlighting the expected compound annual growth rate (CAGR) and potential revenue generation.
3. Industry Segmentation Insights – The report categorizes the market based on biomaterial type (Metallic, Ceramics, Polymeric, and Natural Biomaterials) and application areas (Joint Replacements, Cardiovascular, Ophthalmology, Wound Healing, Plastic Surgery, and Neurological Conditions).

4. Regional Market Breakdown – A region-wise analysis covers North America, Europe, Asia-Pacific, and the Rest of the World, showcasing growth trends and market potential in each geographical area.
5. Competitive Landscape – The report evaluates key market players, their strategies, mergers & acquisitions, partnerships, and recent technological developments in the biomaterials sector.

Market Research Future (MRFR) is a global market research company that takes pride in its services, offering a complete and accurate analysis with regard to diverse markets and consumers worldwide. Market Research Future has the distinguished objective of providing optimal quality research and granular research to clients. Our market research studies by products, services, technologies, applications, end users, and market players for global, regional, and country level market segments, enable our clients to see more, know more, and do more, which help answer your most important questions.
