Spring Semester 2025 Admission Special Offer

[AOJ Language School](#) was established by Attain Corporation, the company behind Attain Online Japanese, a Japanese e-learning resource with over 200,000 students on Udemy, a major online learning platform in the U.S. The school offers on-demand classes where students can study 24 hours a day, 7 days a week, as well as live classes twice a week, small-group classes, and private lessons to meet the level and needs of each student and improve their Japanese language skills. AOJ Language School welcomes students from all over the world, providing an affordable and accessible way to study Japanese from anywhere. Thanks to the support of our students, we are celebrating our fourth year in operation, with over 300 students currently enrolled from various

countries.

For the Spring 2025 semester, AOJ Language School will be offering Japanese language classes for all levels (N5-N1). They offer two types of classes: video classes with 24-hour access and 90-minute live classes twice a week with highly qualified instructors who are certified Japanese language teachers.

To accommodate learners both in Japan and abroad, multiple time slots have been scheduled, taking time zone differences into account. Each free trial session will be 45 minutes long, providing participants with a preview of the full 90-minute live classes that enrolled students will receive. Additionally, class sizes are kept small, with a maximum of 10 students per session, ensuring a highly interactive and effective learning experience.

Advance registration is required. If you wish to participate, please check the available dates and times for each level and apply via email or the inquiry form on their website.
