"When I started this company 11 years ago, I never imagined the incredible journey ahead," says founder and owner Jen Jones. "Our success comes from a simple philosophy—treating each home as if it were our own. We're not just cleaning houses; we're helping families create peaceful spaces in their busy lives."

Cleaning by Jen offers a comprehensive range of services including [regular home cleaning](#), [deep cleaning](#), move in/move out cleaning, and much more. Their tailored approach recognizes that no two homes or clients are alike, allowing them to create customized cleaning solutions for each client's specific needs. "What truly makes me proud after 11 years isn't just the number of homes we've cleaned, but the relationships we've built with our clients," Jones adds. "Many of our first customers are still with us today, which speaks volumes about the trust we've established and the quality we deliver."

The company's reputation for reliability and thoroughness stems from their rigorous hiring and training process. All employees undergo comprehensive background checks, reference verification, a two-step interview process, and hands-on training to ensure they meet the company's high standards. "Trust is the foundation of our business," explains Jones. "We understand that inviting someone into your home requires tremendous confidence in their

character and abilities. That's why we've invested so heavily in building a team that truly represents our values."

As Cleaning by Jen celebrates this milestone, the company remains committed to its core mission: creating clean, healthy environments that give clients more time to focus on what matters most. "Many of us desire a home free of debris and clutter but don't have the time, patience, or ability to do it all," says Jones. "We're here to do the heavy lifting so our clients can spend more time doing the things they love."
