

Myopia Treatment Market Report 2025: Size, Trends, And Growth Insights For Global Expansion

*The Business Research Company's
Myopia Treatment Global Market Report
2025 – Market Size, Trends, And Global
Forecast 2025-2034*

LONDON, GREATER LONDON, UNITED
KINGDOM, February 27, 2025

[/Einpresswire.com/](https://www.einpresswire.com/) -- Current and
future market insights suggest that the

[myopia treatment market size](#) continues to demonstrate strong growth. From \$17.82 billion in 2024, it is projected to reach \$19.58 billion in 2025 at a compound annual growth rate CAGR of 9.9%. This growth during the historic period is primarily driven by an increase in the geriatric population, rising government awareness programs, growing awareness of myopia treatment, enhanced investment in research and development, and a climbing frequency of distance vision impairment.

What Are The Major Growth Drivers Of The Myopia Treatment Market?

One of the principal propellers of strong market growth in the years ahead will be the increase in screen time. Screen time refers to the time spent using devices with screens, such as smartphones, tablets, computers, or televisions. This increase is largely due to the explosion in streaming services, the proliferation of social media usage, the shift towards remote work, and the prevalence of virtual meetings. Myopia treatment helps mitigate eye strain and discomfort from prolonged screen time, thus enhancing focus, comfort, and visual clarity.

Who Are The Key Players In The Myopia Market?

Shaping the landscape of the myopia treatment market are major players like Regeneron Pharmaceuticals Inc., Alcon Inc., Bausch Health Companies Inc., Hoya Corporation, Johnson & Johnson Vision Care Inc., CooperVision Inc., Menicon Co. Ltd., Topcon Healthcare Inc., Essilor Ltd., NIDEK CO.
