

Burke's Restoration Launches New Website

The premier restoration company in Washington and Idaho offers customers a better user experience and more comprehensive information with their new website.

SPOKANE, WA, UNITED STATES,
February 26, 2025 /EINPresswire.com/

-- Burke's Restoration is proud to announce the launch of their new website. The new website provides higher quality content, more comprehensive information and a better overall user experience for customers seeking information about disaster restoration services.

With this recent launch, Burke's Restoration is now part of the main website for their parent company, FLEET Response, who provides comprehensive disaster restoration

services across the country through a network of local restoration companies. Burke's is the FLEET Response local company serving Eastern Washington and Idaho through their offices in [Spokane](#) and [Post Falls](#).

“

We're extremely excited about the launch of our new website.”

“We're extremely excited about the launch of our new website,” said Amy HagEstad, Marketing Manager at FLEET Response and Burke's Restoration. “Adding Burke's to the main FLEET Response website ensures more cohesive brand messaging that aligns with the values of our parent company, while giving local customers access to more robust information regarding the restoration services they

need following a disaster.”

Burke's Restoration has been providing comprehensive residential and commercial restoration

services throughout the greater Post Falls and Spokane Metro Area since 2012, helping homeowners and business owners move on after water damage, fire damage and storm damage. They offer 24/7 emergency response services to address property damage as quickly as possible.

Their new website provides comprehensive pages detailing the scope of the restoration services they offer, as well as extensive blog content that provides a deeper dive into many of the issues associated with water damage, fire damage, storm damage and mold growth in homes and businesses. The website will provide a valuable resource to individuals looking to learn about their options after disaster strikes their home or business.
