

BMP Security Launches DevSecOps Enablement Campaign to Empower DevOps Teams with Robust Security Practices

Addressing Key Pain Points for DevOps Teams with Comprehensive Security Solutions

RALEIGH, NC, UNITED STATES, March 3, 2025 /EINPresswire.com/ -- BMP Security is proud to announce the [launch of its DevSecOps Enablement](#)

[campaign, aimed at empowering DevOps](#) teams to integrate robust security practices into their development processes. This campaign offers [tailored solutions to address the unique challenges faced](#) by technology and security leaders.

“

Our DevSecOps Enablement campaign is designed to help DevOps teams integrate security seamlessly into their development processes. We help address challenges to create secure products efficiently.”

Cameron Bowen, CEO and Co-Founder, BMP Security

DevOps teams often struggle with integrating security without slowing down their processes. BMP Security's DevSecOps Enablement campaign is designed to [address these pain points by providing comprehensive security solutions](#) that seamlessly fit into existing workflows.

Throughout the campaign, we will offer special rates on our DevSecOps services, including threat modeling, risk assessment, code review, penetration testing, and vulnerability assessment. This initiative aims to support DevOps teams in establishing robust security practices early in the year, ensuring their products are secure from the ground up.
