

Jonathan Sutter on List, 'Notable JDMBA Alumni' w Penny Pritzker, Mitt Romney; MSFT: Sutter 'One of...Most Accomplished'

Following 2013 & 2014 Global JDMBA Summits Incl. Harvard, Stanford, Yale, & 13 Other Univ., Summit Organizer Sutter Now on List of World's Leading JDMBA Alumni

INDIANAPOLIS, IN, UNITED STATES, February 27, 2025 /EINPresswire.com/ -- Surrounding engagement at the NFL Combine (2025) and surrounding Erie's WICU (NBC News) & WSEE (CBS & CW) profiling TravelingWiki Foundation CEO, Jonathan Sutter, in its "Hero of the Day" segment, Google AI on February 27, 2025 listed Jonathan Sutter alongside Mitt Romney and Penny Pritzker, among many others, as part of the world's most "Notable JD/MBA Alumni." Microsoft on February 26, 2025 proclaimed Sutter as "one of the most accomplished JD/MBA alumni." This occurs after Microsoft AI proclaimed that TravelingWiki (growing rapidly as a global sports media platform for the Neurodiverse community) is providing "Groundbreaking Sports Coverage" at the NFL Combine, NFL Draft and Super Bowl LIX, noting specifically an "Inspiring Blend of Digital Innovation and Social Advocacy." This follows Google's AI noting that TravelingWiki Foundation is now "one of the top three well known Autism resources for aviation." This also occurs as Microsoft's CoPilot AI hailed

This also occurs as Microsoft's CoPilot AI hailed

TravelingWiki's "significant contributions" as "heroic," with a footnote for that assertion to a wire service with 784 million articles, and Google's AI then referred to Jonathan Sutter, TravelingWiki's CEO, as a "hero."

The above referenced recognition arises as TravelingWiki engaged on Special Needs and/or Disability Resources During Engagement at The Superdome surrounding Super Bowl LIX with The Department of Homeland Security Agent in Charge for Super Bowl LIX; TravelingWiki serves as the sole resource for 20M individuals with Non Visible Disabilities via TSA.com, under the purview of the Department of Homeland Security. Earlier on February 8, 2025, for the first time in its existence, TravelingWiki appeared in the Top 6 Global Stories on Google as to Super Bowl LIX.

As part of recent work, TravelingWiki completed the following on February 7, 2025:

- (1) Appearance with NFL's Cam Newton on his TV Studio In Media Center of Super Bowl LIX Week;

All of these activities surround recent landmarks for TravelingWiki. Microsoft's CoPilot AI recently hailed TravelingWiki as "one of the Fastest-Growing Resources for Autism-Friendly Airport Information" Globally. This is contemporaneous with a surge of interest in Asia, with various Asia-based searches focused on travel in the US resulting in TravelingWiki Foundation being the top result for organic and/or AI based search. Specifically, as of February 6, 2025, TravelingWiki is now the top organic and AI search result for some Autism searches on Baidu (China) & Naver (South Korea).

The rapid growth surrounded engagement at Super Bowl LIX festivities on February 5, 2025 with Eric Ellenberger, Alumni Manager at Wounded Warrior Project, discussing the service of so many and TravelingWiki's goal to expand services for those with PTSD during their air travel.

TravelingWiki had previously engaged Global Affairs Deputy Director, Wounded Warrior Project, Aleks Morosky. TravelingWiki Foundation's CEO, Jonathan Sutter, also spent time with NFL Star Michael Pittman Jr., discussing his charitable work supporting children, including to support those suffering from bullying, and the work of TravelingWiki to augment access to air travel for travelers of all ages.

The work this week arises after both Crunchbase and ZoomInfo have leveraged TravelingWiki's resources for profiles of organizations. Microsoft Bing highlighted TravelingWiki as one of the most "Recognized Brands and Resources" in its space as to Autism Travel & beyond, specifically also referencing "Fights for Children With Autism." This also occurs as TravelingWiki launched its Experiential Learning Program the past few weeks in partnership with The Drake University College of Pharmacy & Health Sciences, including a presentation at Iowa State University. The past few weeks also included interviewing for the 2026 Experiential Learning Program at Drake University. This is the second time in a matter of months that TravelingWiki Foundation has traveled to Ames, Iowa to present to Generation Z on these resources.

Part of the impetus of TravelingWiki's rapid growth initiatives, engaging directly with the next generation of the workforce, is the opening of experts on Neurodiversity at CES that 53% of GenZ identifies as Neurodiverse. This also follows TravelingWiki Foundation announcing an expansion of its Library Program, growing in earnest this past week in Iowa (whereby TravelingWiki's Experiential Learning participant(s) present(ed) at an Iowa library), growing from a foundation of offering TravelingWiki resources in one or more Iowa library databases alongside some of the most well-known global charities. In addition, this follows a definitive assertion by AI-based technology associated with Google about TravelingWiki's impact in the travel industry in terms of resource documentation. In that case, Google's AI described TravelingWiki's "Significant Impact" as to (1) Increasing Travel Industry Spending, Tourism & Jobs; (2) Special Needs Documentation; (3) Partnerships & (4) Engagement.

The work of TravelingWiki Foundation to document resources for Non Visible Disabilities at US airports, now exceeding 40 airports documented, stems back to the start of TravelingWiki Foundation. TravelingWiki Foundation's non-profit work across the US expands upon prior work in Pennsylvania, including the recent addition of TravelingWiki Foundation's free resources in 12 languages to the Philadelphia Autism Project, in cooperation with Drexel University; and presenting at PNC Park with the Pittsburgh Pirates on June 22, 2024 and August 4, 2024 to promote Autism awareness and Special Needs awareness, respectively, via themed baseball games (coordinated via many organizations throughout Pennsylvania) that also raised money for local area charities.

The panelists involved in the 2013 Global JD/MBA Alumni event included Jonathan Sutter, Divya Narendra, John Saroff, Jessica Faye Carter, Bruce Johnson & Curt Goldman. The universities

involved in the global JD/MBA Summits organized by Sutter (which each involved a year worth of preparation for each gathering and involved no compensation to the organizer(s)) included:

UC Berkeley
University of Chicago
Columbia University
Cornell University
Duke University
Georgetown University
Harvard University
University of Michigan
New York University
Northwestern University
University of Pennsylvania
Stanford University
University of Texas
UCLA
University of Virginia

The CEO of TravelingWiki Foundation, Jonathan Sutter, notes, "Following our Global JD/MBA alumni reunions involving 15+ Universities in 2013 and 2014, we have been watching the JD/MBA alumni family closely. As the CEO of TravelingWiki, which is leading in its space and is constantly watching the other leaders in the Neurodiversity space, we deeply value this recognition given the tremendous impact of the JD/MBA alumni community."
