The acrylic resin segment dominated the market with nearly one-third of the total market share in 2019, and would lead the trial throughout the forecast period. In addition, the segment is expected to manifest the highest CAGR of 8.3% during the forecast period.

The Egypt paints & coatings market is divided on the basis of resin type, technology, and product type. Based on resin type, the market is further segmented into acrylic resin, alkyd resin, polyurethane resin, epoxy resin, polyester resin, and others.

Based on product type, the Egypt paints & coatings market is classified into decorative paints & coatings and industrial paints & coatings. The decorative paints & coatings segment held the largest share in 2019, accounting for more than three-fourths of the market. However, the industrial paints & coatings segment is projected to portray the highest CAGR of 8.1% during the forecast period.

However, rise in prices of raw materials hinders the Egypt paints & coatings market growth. On the contrary, surge in demand for eco-friendly paints & coatings products is expected to usher an array of opportunities for the market players in the future.
