At RootedCON 2025, ANY.RUN will present its latest updates in malware analysis and threat intelligence. Visitors to the ANY.RUN booth will have the opportunity to:

- [Watch real-time demos of ANY.RUN's products](#), showcasing their ability to analyze malware behavior, detect threats, and enhance incident response.

· Meet ANY.RUN's cybersecurity specialists who will answer your questions and discuss best practices in malware analysis and threat intelligence.

· Get your hands on high-quality, exclusive ANY.RUN merchandise. The designs are a surprise, so be sure to visit our booth to see what's in store!

ANY.RUN

ANY.RUN is a provider of interactive malware analysis and threat intelligence solutions, allowing cybersecurity professionals to analyze threats in real time, detect malicious activity, and respond proactively. With its cloud-based sandboxing environment, TI Lookup, and Safebrowsing, ANY.RUN delivers deep visibility into malware behavior, threat intelligence, and web-based risks. These tools help organizations track emerging threats, extract indicators of compromise (IOCs), investigate suspicious files and URLs, and enhance their security posture.
