

# Introducing Viva Railings New Stair Wrap™ System

*Viva Railings, a leader in architectural railing systems, is excited to unveil the Stair Wrap™ system.*

LEWISVILLE, TX, UNITED STATES,  
February 27, 2025 /EINPresswire.com/  
-- Viva Railings, a leader in architectural railing systems, is excited to unveil the Stair Wrap™ system, an innovative solution designed to enhance staircases with both aesthetic appeal and safety.

Now available in two distinct options—Glass and Metal, the Stair Wrap™ system offers architects, designers, and contractors a high-quality, modular approach to stairway design in commercial, institutional, and multi-family environments.

## Two Stair Wrap™ Options for Distinctive Staircase Designs

The Stair Wrap™ system seamlessly integrates with Viva Railings' product line, providing a cohesive and sophisticated look for any staircase. With customizable materials and finish options, these systems cater to a variety of architectural styles while ensuring compliance with stringent safety regulations.

**Stair Wrap™ Soffit - Glass:** A sleek, transparent design that enhances openness and light flow while maintaining a high-end, contemporary appearance.

## Key Features of the Stair Wrap™ System

**Modular Design** – Engineered for flexibility, allowing seamless adaptation to different staircase

geometries.

Durable & Safe – Built with premium materials to meet stringent safety codes while ensuring long-term performance in high-traffic spaces.

Easy Installation – The pre-engineered fabrication simplifies installation, reducing time and complexity for contractors and architects.

Versatile Aesthetic Options – Choose from finishes such as powder-coated metals and laminated glass to match any design vision.
