

# Azalee Group's A-Cube Facility Hosts Dr. Raphael Olaiya to Explore Innovations in Integrated Care

*Dr. Raphael Olaiya visits Azalee Group's A-Cube to explore integrated care innovations, fostering global collaboration in inclusive elderly and disability care.*

TOKYO, JAPAN, February 28, 2025 /EINPresswire.com/ -- Azalee Group's A-Cube facility recently welcomed Dr. Raphael Olaiya, a distinguished medical professional and digital health innovator, to discuss advancements in integrated care models.

Dr. Olaiya with Azalee Group CEO Dr. Kurusu

Dr. Olaiya, known for his work in virtual reality medical simulation and health data science, engaged with A-Cube's team to explore the facility's unique approach to combining childcare, nursing, and disability services under one roof. This visit provided an opportunity to exchange insights on fostering inclusive communities and leveraging technology in caregiving practices.

“

[A-Cube] creates an environment that feels like a family-embracing the young and the elderly in an optimally inclusive way.”

*Dr. Raphael Olaiya*

A-Cube, inaugurated by Azalee Group in August 2023, serves as a pioneering model for integrated care in Japan. The facility offers a range of services, including the Azalee Nursery School, which emphasizes STEAM education and is Asia's first sensory-inclusive facility certified by KultureCity®. Additionally, the Azalee Rehabilitation Club incorporates innovative tools like the "Muscle Suit," developed in

collaboration with Tokyo University of Science, to support elderly mobility and independence. The co-location of these services promotes natural interactions across generations, enhancing community ties and mutual support.

During his visit, Dr. Olaiya observed various programs and participated in discussions on the

integration of assistive technologies in care settings. He noted, "A-Cube exemplifies how thoughtful design and innovative practices can create inclusive environments that cater to diverse community needs."

Azalee Group remains committed to advancing integrated care solutions and welcomes collaboration with researchers, practitioners, and organizations worldwide. Those interested in learning more about A-Cube's initiatives or arranging a site visit are encouraged to contact Azalee Group directly.
