

# Ideal Aviation Expands Fleet with the Addition of the Advanced Tecnam P-Mentor Aircraft

*Ideal Aviation adds the advanced Tecnam P-Mentor to its fleet! Featuring FADEC, Dual G3X avionics, and a luxurious interior.*

SAUGET, IL, UNITED STATES, March 7, 2025 /EINPresswire.com/ -- [Ideal Aviation](https://www.einpresswire.com/) is thrilled to announce the addition of the state-of-the-art [Tecnam P-Mentor](https://www.tecnam.com/) aircraft to its growing fleet. This cutting-edge plane is set to enhance the training experience for students and pilots, offering unmatched reliability, advanced technology, and luxurious comfort.

The P-Mentor is a high-performance, Technically Advanced Aircraft (TAA)

designed for cross-country flights, IFR training, and more. Equipped with a constant-speed propeller, FADEC (Full Authority Digital Engine Control), and Dual G3X avionics, the P-Mentor delivers precision and efficiency in every flight. Its Rotax 912iSC3 engine, rated at 100 HP, combines power with fuel efficiency, achieving a maximum cruise speed of 117 knots while sipping fuel.

We are excited to welcome the P-Mentor to our fleet"

One of the standout features of the P-Mentor is its FADEC-equipped Rotax engine, which simplifies the preflight check sequence, making it an ideal choice for both

seasoned pilots and those in training. The aircraft also boasts the same luxurious Italian interior as its P-92 counterparts, ensuring a comfortable and stylish experience for all on board.

"We are excited to welcome the P-Mentor to our fleet," said Bill Macon, CEO of Ideal Aviation. "This aircraft is a game-changer for our training programs, offering advanced technology, fuel efficiency, and a comfortable learning environment. It's the perfect addition to support our mission of providing top-tier aviation education."
