What Key Factors Are Expected to Fuel the Growth of the Acam2000 Market?

The increasing prevalence of smallpox cases worldwide is a major driver of [Acam2000 market growth](#). Smallpox, a highly contagious and potentially fatal disease caused by the variola virus, is spreading due to factors such as weakened vaccination efforts, potential bioterrorism threats, laboratory mishaps, and increased global travel. ACAM2000, a widely used smallpox vaccine, helps strengthen the immune system to prevent infection.

Who Are the Leading Companies in the Acam2000 Market?

Emergent BioSolutions Inc. is a dominant player in the Acam2000 market. The company is actively expanding its vaccine applications to address emerging public health threats such as mpox while leveraging regulatory approvals to extend its reach among high-risk populations.
