

# Diane S. Vann's Book on Communism's Influence in American Politics to Feature at London Book Fair 2025

*In "Undermining the U.S. Constitution," Vann exposes hidden threats to freedom and the republic.*

TORONTO, ONTARIO, CANADA, March 3, 2025 /EINPresswire.com/ -- As political ideologies continue to clash on the global stage, author Diane S. Vann brings her bold analysis of American governance to one of the world's largest literary events. Her book, "[Undermining the U.S. Constitution: How the Communist Manifesto of 1848 Blueprints the Actions of the Democratic Party](#)", will be showcased at the London Book Fair 2025, running from March 11-13, 2025, at Olympia London. Attendees can explore Vann's work at [The Maple Staple's](#) booth at 6G40.

Undermining the U.S. Constitution

A former registered nurse and former congressional candidate, Vann argues that Marxist principles have quietly shaped U.S. political movements. She draws a striking comparison between ideological shifts and the gradual spread of cancer, urging readers to recognize the influence of Karl Marx's Communist Manifesto on modern American politics. With a background in healthcare and civic engagement, Vann offers a unique perspective, blending historical analysis with contemporary concerns.

Diane S. Vann, who holds degrees from the University of Nebraska Medical Center and the University of Tennessee, Knoxville, has long been active in political discourse. For the sake of election integrity and the resumption of a representative republic as per the U.S. Constitution, she, a member of the Constitution Party of Georgia, continues to fight, as demonstrated at the end of her book, for the return to voting on paper ballots instead of hackable voting machines.

The London Book Fair serves as a hub for authors, publishers, and thought leaders, fostering

global conversations on literature and ideas. Visitors to the fair can explore Vann's book and engage with other thought-provoking titles at Booth #6G40.
