*The camp Where Stars are Found!!!*

This premier event is designed to elevate student-athletes' exposure by providing them with verified combine testing, skill development, and direct interaction with college coaches from various levels. Athletes will have the opportunity to be evaluated in key performance areas such as the 40-yard dash, broad jump, 20-yard shuttle, height, and weight, with results shared with college programs

nationwide.

## Parent Recruiting Seminar to Guide Families Through the Process

Beyond on-field performance, the NCEC Camp will feature a Parent Recruiting Seminar, an essential session that will educate parents and student-athletes on the recruiting process, eligibility requirements, scholarship opportunities, and strategies to increase their chances of playing at the next level. This seminar ensures families leave with a clear roadmap to navigate the often-confusing world of college football recruiting.

With local and national media coverage, student-athletes attending the NCEC National College Evaluation Camp will have an opportunity to gain exposure on a broad stage, increasing their chances of attracting interest from college programs.
